

My affiliation:

Prof. Jos M.G.A. Schols, MD, PhD
Professor of Old Age Medicine
Department of Family Medicine and Department of Health Services Research
Caphri - School for Public Health and Primary Care Maastricht University
Maastricht The Netherlands

The main research interests are:

1. To study the epidemiology and in depth background of main medical and care problems in chronic care (wounds, malnutrition, falls etc.) and to develop as well as research EB nursing and medical interventions for these care problems;
2. Rehabilitation in chronic care (related to post stroke as well as geriatric patients);
3. Transformation of chronic care (incl. innovative care models and care services, chain supply of care, new models of medical care etc.).
